

Overhead Crane Operator

Description

Summary

We are seeking skilled overhead crane operator(s) with a solid background of prior experience in craning using 20-50 ton overhead cranes. This full-time position is located within our pre-cast concrete manufacturing plant in Haywood, MB and operates Monday to Friday, all year round (not seasonal).

Duties

Duties & Responsibilities

- Operate overhead cranes to move, lift, and position materials.
- Follow safety protocols and procedures to prevent accidents and ensure workplace safety.
- Communicate effectively with team members, supervisors, and other departments to coordinate material movement.
- Monitor/inspect equipment for malfunctions and report any issues to maintenance personnel.

Qualification

Qualifications:

- Prior overhead crane experience is required (ideally 5+ years).
