

Journeyman Electrician

Description

Hiring Journeyman Electricians

Who We Are:

Global Electric Ltd. is a local family owned and operated company in Winnipeg founded in 1994. Building relationships is the foundation of what we do, with our team members and our customers. Global has completed a vast variety of electrical system installations that include; single dwellings; multifamily; large scale commercial, industrial and residential renovations; as well as full scale new commercial and industrial construction design and build.

We care about our customers and ensure their satisfaction. A good positive attitude, accountable, a high willingness to learn, being able to adapt to change and doing things different than they may have be shown before. Punctual, following directions and a good communicator is a must.

Opportunity:

We're looking for Journeyperson Electricians to join our team. The successful candidate will have 3-5 years of commercial and industrial electrical experience, great attention to detail, and a commitment to safety.
