Your Opportunity:

As we continue to expand, we're looking for motivated and reliable Welder/Fitters to join our fast-paced, safety-focused custom manufacturing facility. This is a great opportunity to gain hands-on experience in a supportive team environment where your contributions matter.

We are currently looking for **Evening Shift Welder/Fitters** (Monday to Friday 4:00 p.m. – 12:30 a.m.).

Duties

What You'll Do:

- Carry out fitting and welding operations, including reading blueprints and weld symbols
- Set up and operate all required welding machines
- Produce high-quality work that meets our customer's expectation
- Position will predominately be welding however there may be times when flexibility to perform other duties will be required

Qualification

What We're Looking For:

- Successful completion of all VAW's pre-screening assessments including the VAW Welding Test
- Completion of welding training from a vocational or technical institute preferred
- MIG welding and fitting experience in a custom metal fabrication environment is an asset
- Must obtain all required C.W.B. tickets within 6 months (various materials & positions). VAW will facilitate the testing
- C.W.B. transferable welding tickets are an asset
- Proficient at reading blueprints and using metric tape measures
- Thorough knowledge of all types of welding procedures, practices and weld symbols
- Strong attention to safety
- Possess the skills and abilities to consistently produce high quality products and ensure quality control is maintained to the established standards
- Must be organized, flexible, proactive, and interact in a positive and respectful manner in a team environment
